Experience the benefits of Jojoba in a lightweight, fast absorbing gel cream for all over hydration.

Infused with three types of Jojoba - our Wadi Wadi Jojoba, hydrolysed jojoba esters and jojoba leaf extract plus hydrating glycerin and antioxidant olive extract to deeply hydrate and help prevent moisture loss

Key Benefits

- Lightweight, all-over hydration
- Softens and smooths the skin
- All the benefits of jojoba in a refreshing water gel
- Helps prevent moisture loss and improves skin condition
- Strengthens skin barrier function
- Delivers a dry-touch, non-tacky finish

Application

Apply to face and body anytime skin needs a boost of hydration. Use daily or as often as desired for soft, refreshed, and moisturised skin.

KEY INGREDIENTS

Wadi Wadi Jojoba

- Powerful antioxidant
- Naturally rich in Vitamins A, D and E & Omegas 6 and 9 essential fatty acids

Jojoba Leaf Extract

- Improves skin structure, strength and firmness
- Enhances barrier function while restoring moisture

Hydrolysed Jojoba Esters

- Softens and moisturises skin
- Boosts collagen production

Glycerin

- A plant-derived humectant that draws moisture deep into the skin to keep it hydrated, soft and supple.
- It also helps strengthen the skin barrier and enhances the absorption of other ingredients in the formula.

Olive Extract

- A skin-conditioning ingredient derived from olive oil that mimics skin's natural lipids for improved softness and hydration.
- It helps reinforce the skin barrier while giving the gel a silky, elegant finish.
