

eco chic

Simple, reusable & hard-wearing
accessories designed for
you and the planet.

We create simple, reusable and hard-wearing accessories that work for you and have the planet in mind.

Our range of bags and accessories not only offers your customers practical and sustainable solutions, but also attractive, fun and vibrant patterns that your customers will love. With a varied range of attractive and unique designs and fabrics, there's something for every type of customer.

OUR GOAL

Our goal is to create sustainable products that make the little changes easy, fighting against throwaway culture. Designed to be reusable, our lightweight and waterproof products give your customers the practical and stylish solutions they need. Complete with a PVC lining, our products are guaranteed to last, giving a durable high quality that you can rely on.

01

Foldaway Shopper

Our nylon shopper bags are beautiful but tough. Made from waterproof rip-stop nylon, they will hold up to 15kg without a problem. They fold down to a fraction of their size, so you can easily keep one near for when you need it.

Product Details:

Dimensions:	
Compact:	Expanded:
(H) 150mm	(H) 560mm
(W) 100mm	(W) 380mm
(D) 55mm	(D) 100mm
Capacity: 15kg	

My fabric is now made from 100% recycled plastic bottles

02 Lunch Bag

Our lightweight lunch bags are fully insulated and great for school or work lunches. They have a zipped main compartment designed to keep food cool and fresh.
