FIRST  
BEDDING  
Collection

## ergoPouch offers a **full sleep solution** for toddlers learning to sleep with a pillow and blanket

Part of the ergoPouch First Bedding Collection, the Organic Toddler Pillow features a low profile (3cm) designed to support the correct alignment of the neck during sleep from 2 years of age.

Both the pillow and case are made from and filled with soft, breathable, 100% GOTS certified organic cotton to prevent those sweaty feels at night. Our organic cotton fabric is non-toxic and free from harmful chemicals

and pesticides for a healthier and more sustainable sleep. With a quilted design to prevent clumping, the Organic Toddler Pillow can be machine washed. Handy, we know!

Pair the pillow with your favourite ergoPouch sleeping bag or sleep suit, and the Convertible Cotton Quilt to create a full sleep solution which will keep your toddler warm and snug, while helping them to adjust to a pillow and blanket arrangement.
