## Baby Monitor and Smart TOG Guide

Safe, comfortable sleep — *beyond connection*

### Built-in Smart TOG Dressing Guide

Reads the room temperature and offers recommendations to dress your baby for sleep

### Easy set up, intuitive to use

Quick and simple steps for time-poor parents

### Wi-Fi free technology

Prioritises your family's privacy by eliminating the risk of hackers

### Notifications

Sound, motion, temperature, feeding and nappy change notifications to help keep track of your routine

### Night light

Night light function with cool, warm and red colours; and three brightness levels

---

The Drift Home Baby Monitor and Smart TOG guide is the first-of-its kind, offering peace of mind beyond connection.

Designed to go beyond the basics, Drift Home is equipped with all the standard features you would expect in a baby monitor as well as innovative tools to ensure your baby's safety and comfort during sleep. The built-in Smart TOG Guide provides real-time, personalised recommendations to dress your baby safely based on room temperature\*, while the Wi-Fi free technology protects your family's privacy.

Easy to set up and intuitive to use, Drift Home is thoughtfully designed to help you navigate safe sleep and build confidence in those precious early days (and beyond). Your all-in-one smart solution for creating and monitoring safe, comfortable sleep.

\*Designed for use with ergoPouch pouches and layers. Does not consider use of the HugMe Blanket.
