Infant Sleep Products Amendment Safety Standard 2025 and EN71-3: 2019+ A2:2024

Updated
design in 2026
— new, higher
sides for
safety

Best suited for newborns who need a safe sleep option on the go.

When life gets busy, sticking to the perfect sleep routine isn't always possible. For families who need flexibility and simplicity in their daily routines but don't want to compromise on safe sleep for their baby, the Easy Sleep Portable Bassinet is the perfect solution.

The Easy Sleep Portable Bassinet is a safe overnight or daytime sleeping space for newborns, and can also be used as a safe and clean space to put baby down when out and about.

Updated in 2026 to comply with updated Consumer Good Safety Standards (*Infant Sleep Products Amendment Safety Standard 2025 and EN71-3: 2019+ A2:2024*), the bassinet features high, sturdy sides and increased mesh through the side panels for additional safety.

Its lightweight but sturdy steel frame folds away into a super compact backpack for easy transport and storage. Its mesh sides run the entire way around the bassinet, while the mattress is permeated with airflow holes, creating a 360° safe and breathable environment in which to sleep your baby.

Weighing only 2.2kg, the Portable Bassinet is lightweight and travel friendly. When open, the bassinet measures 49x80x30cm and when folded, it measures 49x50x8cm, making this the perfect travel companion that fits into overhead plane compartments with ease.

Also included is a detachable mosquito net to keep bugs, pets and prying siblings out while baby sleeps.

The Easy Sleep Bassinet is suitable from birth to 7kg or at the first signs of rolling, whichever comes first. To keep baby safe, the bassinet should only be used on low, flat surfaces.

Product features

Carry or wear the bag

Washable mattress

Detachable mosquito net

Handy large pockets to replace the need for carrying an additional bag

High, sturdy sides made from breathable mesh

Locks and unlocks with a simple locking mechanism

Unfolds in one swift motion

Product details
