

# Smart-Dri™

BY LIVING TEXTILES

## How Smart-Tex works

200 thread count 100% cotton top layer and sides; cool, comfortable and long lasting, so we know it will perform wash after wash.

Second layer is a an absorbent, hypoallergenic wadding that draws moisture away

Third and fourth layers are a waterproof membrane that as been ingeniously bonded to cotton layer providing superior waterproof and stain resistance whilst being breathable.

It also stops that plastic rustling sound when you move around!

Smart-Dri™

With **Smart-Tex** Technology

100% Cotton layer  
Absorption layer  
Waterproof layer  
100% Cotton layer

Ordinary  
mattress protector
