Supports strong bones

Helps the body absorb the calcium needed to keep bones and teeth strong.

Boosts immune function

Plays a key role in normal immune function — the benefit most people know.

Fresh mint flavour

No chalky aftertaste — clean peppermint that dissolves in seconds.

No water needed

No pills to swallow. Take it anywhere — desk, car, plane.

1-a-day convenience

Gone in seconds. That's the whole daily routine — once a day, every day.
